

## **Pouffe (Crochet)**

You will need approx 600 grams chunky yarn.

Using 6 strands of yarn held together.

Magic Crochet Ring instructions:

Begin by wrapping the yarn around your fingers with the tail end on your left and the working yarn on your right.

Insert hook through ring and pull up a loop from the working yarn. Chain 1 stitch. Cont to double crochet (dc) around the ring until you have 12 stitches. Pull the tail end of your yarn and the ring with close up giving a very neat ring totally closed in the middle.

The whole of the pouffe is now worked in double crochet stitch.

Round 1: Work 12 dc.

Round 2: \*Work 1dc into next st, 2dc into next st repeat from \* to end of round.

Repeat last 2 rounds 6 more times.

Next round: Work 1dc into every stitch. Rep round 6 more times.

Next round: (Dec) \*Work 1dc into next st, dc 2tog next 2 sts, rep from \* to end.

Rep last round until you have 12 sts. (you may want to stuff your pouffe with pillows or balled up duvet before the decrease top gets to small to allow ease)

Pass yarn through each stitch and tighten up and secure.

You could make a lining or why not cover the duvet in a cover then the pattern & colour will show through.

*Please note: All our patterns have been put together just to enhance your creative spirit and are purely only helpful instructions. These patterns cannot be sold for profit and we cannot guarantee the outcome of your finished product. We not sell or allow our patterns to be sold purely because we are unable to offer pattern advice as our main business is manufacturing our craft tools.*
